State Issue 2

To create a state-funded commission to draw legislative and congressional districts

Proposed Constitutional Amendment

To add and repeal language in Sections 1, 2, 4, 5, 7 and 13 of Article X, repeal Sections 8 and 14 of Article X, and add a new Section 16 to Article XI of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

1. Remove the authority of elected representatives and grant new authority to appointed officials to establish the aforementioned. The Commission will consist of 12 members (4 affiliated with the largest political party, 4 affiliated with the second largest political party, and 4 not affiliated with either of the two largest political parties) who will be chosen as follows:

   a. On or before January 1 of the year that the decennial census is conducted, the Chief Justice of the Supreme Court of Ohio shall select by lot a panel consisting of eight judges of the courts of appeals of Ohio, no more than four from whom may be members of the same political party.

   b. Then, the Commission will select judges of the Supreme Court, an independent individual who shall be a judge in determining the eligibility of potential members of the Commission.

   c. Eligible persons may submit applications for membership on the Commission to the Secretary of State by May 1 of the year the decennial census is conducted. The Secretary of State shall make available an appropriate application form designed to help determine the eligibility and qualifications of applicants and shall publicize the application process through the Secretary of State website. The Secretary of State will provide the panel of judges with the applications and other records necessary to determine eligibility of the applicants.

   d. On or before August 1 of the year that the decennial census is conducted, the panel of eight judges described in subparagraph A shall select from the applicants forty-two individuals to serve as potential members of the Commission. The judges, after adopting a selection procedure, shall select applicants who have the relevant skills and abilities, including a capacity for impartiality, and who reflect the diversity of Ohio. These shall include the fourteen most qualified applicants affiliated with each of the two largest political parties, and the fourteen most qualified applicants who have been unaffiliated with either of those political parties during the prior five years. The selection of potential members shall require the affirmative vote of at least five members selected by lot and the three additional members selected by the original nine members.

   e. On or before August 15 of the year that the decennial census is conducted, the panel of eight judges described in subparagraph A shall select from the applicants forty-two individuals to serve as potential members of the Commission.
